My Trip to Virginia
Ben's Story
May 15, 2007

I went to Virginia.
I slept in a hotel.
We got room keys for the hotel room.
Mom went to the Conference.
It was about Smith-Magenis.

I saw a lot of people on the ground floor.
We saw Ann.
She discovered Smith-Magenis.
We saw Rebecca.

I saw a **huge** crane from our hotel room window.
It was moving.

I met other kids with Smith-Magenis.

I met Laura Beall.

I saw Ben like me.

I went to the mall with Ben in the taxi.

Julia stayed with me.

She had a pony tale.

From Left to right: Ben, Ann Smith and the story's author Ben

I went to the pool.
I went in the jacuzzi.

On the way home we walked in the park.
They jogged and they brought bicycles there.
We saw a blue heron.

We were too tired to go to the Washington Monument.

"It was a good trip." The End.
